Good afternoon,

Thank you for contacting the Commission on Ethics with your question. The request for opinion has been assigned to Executive Director Christie Kelley, who will contact you if she needs additional information. Please note that the opinion will not be ready to present at our next commission meeting, which is April 7, 2022. Although the opinion may be ready prior to the May 5th meeting, it will not become official until that time.

Please let me know if you need additional information.

Kind regards,

Gina A. Levesque,
