New Electrical Disconnect?	Yes		No	

City of Boca Raton Building Regulations Section 19-152 requires the Contractor to have a ladder in place at the time of inspection, for access to all work performed, when required.

As per the Community Appearance Board Criteria 302.1.4 the mechanical equipment shall be screened by effective compatible architectural treatment.

All rooftop mechanical equipment being replaced, altered, or relocated must be secured on rooftop curbs or engineered stands to comply with the wind resistance requirements in the Florida Building Code, per Boca Raton Building regulations Section 19-33 (2).

Contractor Signature _____ Date _____
