

COMPREHENSIVE PLAN SUPPLEMENTAL APPLICATION

To all applicants:

Please contact a city planner at (561)-393-7789 prior to filing this supplemental application

- The following checklist identifies the supporting documentation and information that must be provided by an applicant for processing amendments to the BOCA RATON COMPREHENSIVE PLAN.
Following each item on the checklist, identify the exhibit/page number where the item can be found. If the item is not applicable, please insert "N/A".
Please package the City of Boca Raton and state land planning agency submissions separately.

Table with 3 main sections: 1. LETTER OF TRANSMITTAL (rows A, B), 2. APPLICANT INFORMATION (rows A, B, C, D, E), 3. AMENDMENT SITE DESCRIPTION (rows A, B, C). Columns include item identifier, description, and Exhibit/Page No.

D	Signed and sealed traffic studies with land use analysis.	
4	<b><u>EXISTING AND PROPOSED USES</u></b>	<b>Exhibit/Page No.</b>
A	Current and proposed City of Boca Raton Comprehensive Plan Future Land Use designation(s) for the amendment site. If multiple land use designations, describe gross acreage within each designation.	
B	Current land use designations for the surrounding properties.	
C	Current and proposed zoning for the amendment site.	
D	Existing use of amendment site and adjacent areas.	
E	Proposed use of amendment site including square footage and/or dwelling unit count proposed for each parcel.	
F	Proposed site plan or master plan and any other available special studies or information.	
G	Maximum allowable development under existing designation for the site, including square footage for each non-residential use and/or dwelling units.	
H	Maximum allowable development under proposed designation for the site, including square footage for each non-residential use and/or dwelling units.	
5	<b><u>ANALYSIS OF PUBLIC FACILITIES AND SERVICES</u></b> The items below must be addressed to determine the impact of an amendment on existing and planned public facilities and services. If more than one amendment is submitted, calculations should be prepared on an individual and cumulative basis.	<b>Exhibit/Page No.</b>
A	<b>SANITARY SEWER ANALYSIS</b>	
i	Provide the adopted level of service and the current level of service.	
ii	Identify the facilities serving the amendment area including the plant capacity, current demand on plant capacity and committed plant capacity.	
iii	Identify the additional demand resulting from this amendment – provide calculations including assumed demand per square foot or dwelling unit.	
iv	Identify the projected plant capacity and demand for the short and long range planning horizons as identified within the adopted comprehensive plan – provide demand projections and information regarding planned capacity expansions including year, identified funding sources and other relevant information.	
v	Identify the existing and planned service to site – provide information regarding existing and proposed trunk lines and lateral hookups to the amendment site.	
B	<b>POTABLE WATER ANALYSIS</b>	

i	Provide the adopted level of service standard and the current level of service.	
ii	Identify the facilities serving the amendment area including the plant capacity, current demand and committed demand.	
iii	Identify the wellfield serving the amendment area including the permitted capacity, remaining capacity and expiration date of the permit.	
iv	Identify the additional potable water demand resulting from this amendment – provide calculations including assumed demand per square foot or dwelling unit.	
v	Identify the projected or planned capacity for the short and long range planning horizons as included within the adopted comprehensive plan – provide demand projections and information regarding planned plant capacity expansions including year, funding and other relevant information. If additional wellfields are planned, provide status including the status of any permit applications.	
vi	Identify the existing and planned service to site – provide information regarding existing and proposed trunk lines and water main hookups to the amendment site.	
<b>C</b>	<b>DRAINAGE ANALYSIS</b>	
i	Provide the adopted level of service standard for the amendment area and current level of service.	
ii	Identify the facilities serving the service area in which the amendment is located.	
iii	Identify any planned drainage improvements including year, funding sources and other relevant information.	
iv	Indicate if a Basin Surface Water Management Plan has been approved by the South Florida Water Management District for the amendment area. Also, indicate if the Basin Surface Water Management Plan is currently undergoing review for modification.	
v	If the area in which the amendment is located does not meet the adopted level of service and there are no improvements planned to address the deficiencies, provide an engineering analysis which demonstrates how the site will be drained and the impact on the surrounding properties. The information should include the wet season water level for the amendment site, design storm, natural and proposed land elevation, one hundred year flood elevation, acreage for proposed water management retention area, elevations for buildings, roads, and yards, storage and runoff calculations for the design storm and estimated time for flood waters to recede to the natural land elevation.	
vi	Letter from the Lake Worth Drainage District verifying the above information (if applicable).	
<b>D</b>	<b>SOLID WASTE</b>	
i	Provide the adopted level of service standard and the current level of service.	

ii	Identify the facilities serving the amendment area including the landfill/plant capacity, current demand on landfill/plant capacity and committed landfill/plant.	
iii	Identify the additional demand resulting from this amendment – provide calculations including assumed demand per square foot or dwelling unit.	
iv	Identify the projected landfill/plant capacity and demand for the short and long range planning horizons as identified within the adopted comprehensive plan – provide demand projections and information regarding planned capacity expansions including year, identified funding sources and other relevant information.	
v	Identify the existing and planned service to site.	
vi	Letter from service provider verifying the above information.	
<b>E</b>	<b>RECREATION AND OPEN SPACE ANALYSIS</b>	
i	Provide the adopted level of service standard and the current level of service.	
ii	Identify the parks serving the amendment area including acreage and facility type, e.g. neighborhood, community or regional park.	
iii	Identify the additional need for park acreage resulting from this amendment.	
iv	Identify the projected park needs for the short and long range planning horizons as identified within the adopted comprehensive plan – provide needed projections and information regarding planned capacity expansions including year, identified funding sources and other relevant information.	
<b>F</b>	<b>TRAFFIC CIRCULATION ANALYSIS</b>	
i	Identify the roadways serving the site and indicate the number of lanes, current traffic volumes, adopted level of service standard and the current level of service for each roadway.	
ii	Identify the projected level of service for the affected roadways and the quality of service (QOS) performance measures as specified in the Transportation Element of the City's comprehensive plan for the short term (2020) and long term (2035) planning horizons. Note source if not from the Metropolitan Planning Organization plans and projections.	
iii	Analyze the traffic impact from this amendment – calculate anticipated number of trips for the existing and proposed land use designations. Distribute the additional trips on the roadway network and identify the resulting level of service change for the short-range (2020) and long-range (2035) planning horizons. If this proposal amends an existing development order, compare impact from previous approval to the impact from the proposed development.	
iv	Evaluate the proposed traffic impact pursuant to the Palm Beach County Traffic Performance Standards Ordinance and the City of Boca Raton Code Section 23-190.

v	Provide any special transportation studies relating to this amendment.	
vi	If a traffic study is required for this application, please note an additional traffic review deposit and fees may be due for an outside traffic consultant review and Palm Beach County reviews.	
<b>G</b>	<b>MASS TRANSIT ANALYSIS</b>	
i	Provide the adopted level of service standard and the current level of service.	
ii	Identify the facilities serving the service area in which the amendment is located.	
iii	Identify the additional demand resulting from this amendment.	
iv	Identify the projected mass transit capacity and demand for short and long range planning horizons as identified within the adopted comprehensive plan – provide demand projections and information regarding planned capacity expansions including year, identified funding sources and other relevant information.	
v	Identify the existing and planned service to site.	
vi	Letter from service provider verifying the above information.	
<b>H</b>	<b>PUBLIC EDUCATION ANALYSIS</b>	
i	Identify the existing public elementary and secondary education facilities serving the area in which the amendment is located.	
ii	Identify the existing school enrollment and permanent design capacity of the public elementary and secondary education facilities serving the area.	
iii	Identify the additional student demand resulting from this amendment – calculations should be based on generation rates provided by the School Board of Palm Beach County.	
iv	Identify the planned and/or funded improvements to serve the area in which the amendment is located, as included within the School Board’s five-year capital plan – provide student demand projections and information regarding planned permanent design capacities and other relevant information.	
v	Identify other public elementary and secondary school sites or alternative (such as site improvements, nominal fee lease options, shared use of public space for school purposes, etc.) not identified in Item #4 above, to serve the area in which the amendment is located.	
<b>6</b>	<b>ANALYSIS OF NATURAL AND HISTORIC RESOURCES</b> Indicate if the site contains, is located adjacent to or has the potential to adversely impact any of the natural and historic resource(s) listed below and, if so, how they will be protected or mitigated.	<b>Exhibit/Page No.</b>
